SUMMARY

I am a dedicated Software Developer with 4+ years of experience in full-stack development, specializing in React.js, Node.js, NestJS, AngularJS, and TypeScript. I have built scalable web applications and high-performance REST APIs with a strong focus on clean, maintainable code. I collaborate effectively with cross-functional teams to deliver high-quality solutions that support business growth.

PROJECTS

SAMI - Sales Analysis Management Information

01/2022 Chennai

Created master and transaction data management systems

- Developed robust data-management systems to deliver comprehensive and insightful dashboard views.
- Implemented secure authentication workflows using OAuth token-based access.
- Built front-end modules using AngularJS and ensured responsive, user-friendly interfaces.
- Developed efficient back-end APIs using Node.js and MySQL to support scalable application functionality.
- Added server-side validation and data integrity checks to ensure accurate and consistent data flow across modules.

Analytics

03/2025 Chennai

Developed a web application with responsive design for distributor analytics

- Developed a full-stack web application using React.js, NestJS, and TypeScript.
- Designed and implemented RESTful APIs using NestJS to enable seamless and efficient data management.
- Worked with both MySQL and MongoDB databases to support scalable, flexible, and high-performance data storage.
- Integrated FusionCharts to deliver interactive, data-driven visualizations for distributor analytics.
- Built advanced filtering mechanisms to support fast, accurate, and optimized data retrieval and display.
- Incorporated AWS S3 for secure file uploads, storage, and retrieval, ensuring reliable data handling.

SKILLS

React Js | Node Js | AngularJS | NestJS | TypeScript | MySQL | MongoDB

EDUCATION

BCA - Bachelor of Computer Application

RVS College of Arts and Science

06/2018 - 07/2021 Coimbatore
